

## Exclusive Distributor for

# Honeywell

DC-10/ Thru -30 (CF6-6/50) Thrust Reverser Actuation System (TRAS)  
Lock  
Part Number 3287605

---

A Federal Aviation Administration (FAA) Airworthiness Directive, 2001-17-19, issued in October 2001, requires that all KC-10/DC-10 aircraft equipped with CF6-6 / -50 engines have TRAS Lock Kits installed by October 2006, per Boeing Service Bulletins DC10-78-061 & 062.

### **Description of Airworthiness Directive (AD):**

- Install TRAS Lock Kits to prevent inadvertent TR deployment
- L/H and R/H provisioning and activation kits required for each wing engine
- At minimum, L/H and R/H provisioning kits recommended for tail engine
- MUST be completed by 2006

---
